

WHO IS ON YOUR MOUNT RUSHMORE?

We build monuments to honor the people we most admire. Monuments are built in all forms, shapes, and dimensions, but mostly we think of them as big and grand. One of the biggest and the grandest is Mount Rushmore in the Black Hills region of South Dakota. Between 1927 and 1941, colossal 60-foot images of four United States presidents were carved into the face of Mount Rushmore to commemorate the first 150 years of American history. George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln were selected to be honored. However, before their images were carved into the mountain, the vision of Mount Rushmore was etched into the creators' minds.
